is now reported that the amount available
at the credit of this Fund for expenditure
in any one year will be more than the budget
grant of Rs 1440 in each of the two sections
and the Vice-President has requested sanction
to incur expenditure on account of the pharmacy
upto the amount available at the credit of
the pharmacy Fund, inclusive of the sale
proceeds of medicines.

2. The Mungrai Commissioner considers
it necessary to fix a maximum limit

the Government grant of Rs. 1,440 credited every year to each of the two Sections viz., Ayurvedic and Unani, of the Pharmacy, the former is actually spending already a sum of over Rs. 2,000 per annum from its surplus resources, and the annual expenditure incurred by the latter is within the limits of the Government grant.

7) If it is considered necessary to raise the level of expenditure to meet the demand for medicines, I have no objection to permit the Ayurvedic and the Unani Sections of the Pharmacy to incur an expenditure upto Rs. 2,500 and Rs. 1,500 respectively, per annum, subject to the condition that the excess over the Govt grant of Rs. 1,440/- to each of the Sections should be met from the surplus resources available at the credit of the funds.

SIR,

Incurring expenditure to the amount available at credit of Pharmacy Section, Ayurvedic and Unani College, Mysore.

In forwarding herewith the file of correspondence ending with letter No.273 dated 1/2-6-37 received from the Vice President, Ayurvedic and Unani College, Mysore, on the above subject, I have the honor to state that Government, in their Order No.1182-3/Muz.15-29-2 dated 10/14 December 1929, have directed that the annual budget grant sanctioned to the Pharmacy Sections of the Ayurvedic and Unani College, Mysore, may be transferred at the beginning of each year, to the Pharmacy Fund as working capital and medicines prepared and supplied to the hospitals to the extent contributed, the excess quantity being disposed of in cas sales.

2. The Vice President of the Ayurvedic and Unani College, has now reported that the amount available at the credit of the Pharmacy Fund for expenditure in any one year will be more than the budget grant of Rs 1,440 in each of the two Pharmacies, and that sanction may be accorded to incur expenditure on account of the Pharmacy, up to the amount available at the credit of the Pharmacy Fund, inclusive of the sale proceeds of medicines.

3. The idea of starting the Pharmacy was to develop it to such an extent as it could be worked independently in due course. But, it seems to be necessary to fix a maximum within which expenditure may be incurred instead of allowing expenditure to the extent available. The annual grant to each of the Pharmacy Sections out of the College Budget grants,
